

CONVENTION ESTABLISHING THE EUROPEAN
TELECOMMUNICATIONS SATELLITE ORGANIZATION EUTELSAT
(Signed on July 15, 1982, Entered into Force September 1, 1985)

Preamble

The States Parties to this Convention,

Underlining the importance of telecommunications by satellite for the development of relations between their peoples and their economies, and their desire to strengthen their co-operation in this field,

Noting that the Provisional European Telecommunications Satellite Organization "INTERIM EUTELSAT" was established for the purpose of operating space segments of European telecommunications satellite systems,

Considering the relevant provisions of the Treaty on Principles Governing the Activities of States in the Exploration and Use of Outer Space, Including the Moon and Other Celestial Bodies, done at London, Moscow and Washington on 27 January 1967.

Wishing to continue the establishment of these telecommunications satellite systems as part of an improved European telecommunications network for providing expanded telecommunications services to all participating States and this without prejudice to any rights and obligations of the States which are parties to the Agreement relating to the International Telecommunications Satellite Organization "INTELSAT", done at Washington on 20 August 1971, or to the Convention on the International Maritime Telecommunications Satellite Organization "INMARSAT", done at London on 3 September 1976,

Determined to this end, to provide, through the most appropriate space telecommunications technology available, the most efficient and economic facilities possible consistent with the most efficient and equitable use of the radio frequency spectrum and of orbital space,

Agree as follows:

(ii) (A) If a Signatory, in its capacity as such, appears to have failed to comply with any obligation under the Convention or the Operating Agreement, other than an obligation under paragraph (a) of Article 4 of the Operating Agreement, and the failure to comply is not remedied within three months after the Signatory has been notified in writing by the executive organ of a resolution of the Board of Signatories taking note of the failure to comply, the rights of the Signatory under the Convention and the Operating Agreement shall be automatically suspended at the end of such period of three months.

During the period of suspension of the rights of a Signatory under this paragraph, the Signatory shall continue to have all the obligations and liabilities of a Signatory under the Convention and the Operating Agreement.

(B) The Board of Signatories may decide, after considering any representations made by the Signatory or by the Party which designated it, that the Signatory be deemed to have withdrawn from EUTELSAT and that, from the date of the decision, the Operating Agreement shall cease to be in force for that Signatory. When a Signatory is deemed to have withdrawn from EUTELSAT, the Party which designated that Signatory shall, at the date of withdrawal, itself assume the capacity of a Signatory unless and until it designates a new Signatory or withdraws from EUTELSAT.

(iii) (A) If a Signatory fails to pay any sum for which it is liable in accordance with paragraph (a) of Article 4 of the Operating Agreement within three months after the payment has become due, the rights of the Signatory under the Convention and the Operating Agreement shall be automatically suspended. During the period of suspension of the rights of a Signatory under this paragraph, the Signatory shall continue to have all the obligations and liabilities of a Signatory under the Convention and the Operating Agreement.

(B) If within three months after the suspension any sums due remain unpaid, the Board of Signatories, after considering any representations made by the Signatory or the Party which has designated it, may decide that that Signatory be deemed to have withdrawn from EUTELSAT and that, from the date of the decision, the Operating Agreement shall cease to be in force for that Signatory.

When a Signatory is deemed to have withdrawn from EUTELSAT, the Party which designated that Signatory shall, at the date of withdrawal, itself assume the capacity of a Signatory unless and until it designates a new Signatory or withdraws from EUTELSAT.

(c) If for any reason a Party wishes to substitute itself for its designated Signatory or to designate a new Signatory, it shall give written notice to the Depositary. The Convention and the Operating Agreement shall enter into force for the new Signatory and cease to be in force for the former Signatory from the time that the new Signatory assumes all outstanding obligations of the former Signatory and signs the Operating Agreement.

(d) A Party which has withdrawn or is deemed to have withdrawn from EUTELSAT shall cease to have any right of representation in the Assembly of Parties and shall incur no obligation or responsibility after the effective date of withdrawal, except for liabilities arising from acts or omissions before that date.

(e) (i) A Signatory which has withdrawn or is deemed to have withdrawn from the Operating Agreement shall cease, as from the effective date of withdrawal, to have any right of representation in the Board of Signatories and shall incur no obligation or responsibility from that date, except its obligation, unless the Board of Signatories decides otherwise, to discharge its due proportion of the capital contributions needed to meet contractual commitments expressly authorized before that date and any liabilities arising from acts or omissions before that date.

(ii) The financial settlement on the withdrawal of a Signatory from EUTELSAT shall be in accordance with Article 21 of the Operating Agreement.

(f) Every notification of a withdrawal and every decision effecting a deemed withdrawal shall be communicated at once to all Parties and Signatories by the Depositary or the Director General, as the case may be.

(g) Nothing in this Article shall deprive a Party or Signatory of any right acquired by it in its capacity as such which is preserved after the effective date of withdrawal and for which compensation has not been received under this Article.

Article XIX Amendments

- a. Amendments to the Convention may be proposed by any Party and shall be communicated to the Director General, who shall promptly circulate the proposals to all the Parties and Signatories. Three months notice is required before consideration of a proposed amendment by the Board of Signatories, which shall submit its views and recommendations to the Assembly of Parties within a period of six months from the date of circulation of the proposed amendment. The Assembly of Parties shall consider the proposed amendment not earlier than six months from receipt by it, taking into account any views and recommendations expressed by the Board of Signatories. This period may, in any particular case, be reduced by the Assembly of Parties by a decision taken in accordance with the procedure for a matter of substance.
- b. If adopted by the Assembly of Parties, the amendment shall enter into force one hundred and twenty days after the Depositary has received notices of acceptance from two-thirds of those States which at the time of adoption by the Assembly of Parties were Parties and whose Signatories

then held at least two-thirds of the total investment shares. Upon its entry into force, the amendment shall become binding upon all Parties and all Signatories.

- c. An amendment shall not enter into force less than eight months after the date on which it was adopted by the Assembly of Parties. Any similar dispute relating to the interpretation or application of the Convention or the Operating Agreement between one or more Parties on the one hand and one or more Signatories on the other hand may be submitted to arbitration under Annex B to the Convention, provided that the Party or Parties and the Signatory or Signatories in dispute agree.
- b. All disputes arising in connection with the interpretation and application of the Convention or of paragraph (c) of Article 15 or of paragraph (c) of Article 16 of the Operating Agreement, between a Party and a State which has ceased to be a Party, or between EUTELSAT and a State which has ceased to be a Party, and which arise after the State has ceased to be a Party, shall be submitted to arbitration in accordance with the provisions of Annex B to the Convention if not otherwise settled within one year of the time a party to the dispute has notified the other party of its intention to settle such a dispute amicably, provided that the State which has ceased to be a Party so agrees. If a State ceases to be a Party or if a State or a telecommunications entity ceases to be a Signatory after a dispute to which it is a disputant has been submitted to arbitration under paragraph (a) of this Article, the arbitration shall be continued and concluded.
- c. The settlement of all disputes arising in connection with the interpretation or application of agreements between EUTELSAT and any Party, other than the Convention or the Operating Agreement, shall be as provided for in the relevant agreement. In the absence of any provisions, such disputes, if not otherwise settled, may be submitted to arbitration under Annex B to the Convention if the disputants agree.

Taking into account such recommendation, the Assembly of Parties shall take a decision on the Applicant State's request within six months following the date on which the Board of Signatories decides that it is in the possession of all the information required under paragraph (c) of this Article. The decision of the Board of Signatories shall be promptly notified to the Assembly of Parties. 1. For the purposes of adjudicating upon any dispute referred to in Article XX of the Convention or Article 20 of the Operating Agreement, an Arbitration Tribunal shall be established in accordance with the following paragraphs.
2. Any Party to the Convention may join either party to the dispute in the arbitration.
3. The Arbitration Tribunal shall consist of three members. Each party to the dispute shall nominate one arbitrator within a period of two months reckoned from the date of receipt of the request by one party to refer the dispute to arbitration. Where Article XX of the Convention and Article 20 of the Operating Agreement require the agreement of the disputants to refer the dispute to arbitration, the period of two months shall be reckoned from the date of that agreement. The first two arbitrators shall, within a period of two months reckoned from the nomination of the second arbitrator, nominate the third arbitrator, who shall be the Chairman of the Arbitration Tribunal. If one of the two arbitrators has not been nominated within the required period he shall, at the request of either party, be nominated by the President of the International Court of Justice or, if there is no agreement between the parties, the Secretary General of the Permanent Court of Arbitration. The same procedure shall apply if the Chairman of the Arbitration Tribunal has not been nominated within the required period.
4. The Arbitration Tribunal shall determine its seat and establish its own rules of procedure.
5. Each party shall bear the cost relating to the arbitrator for whose nomination it is responsible, as well as the costs of being represented before the Tribunal. The expenditure relating to the Chairman of the Arbitration Tribunal shall be shared equally by the parties to the dispute.
6. The award of the Arbitration Tribunal shall be made by a majority of its members, who may not abstain from voting. This award shall be final and binding on all parties to the dispute and no appeal shall lie against it. The parties shall comply with the award without delay. In the event of a dispute as to its meaning or scope, the Arbitration Tribunal shall interpret it at the request of any party to the dispute.
